

FOREST FIRES CLAIM 148 LIVES

Heavy Rainfall Saves Greater
Part of Northern Ontario
From Destruction.

TORONTO, Ont., Aug. 1.—With one town completely wiped out, another almost in ruins and a score of small settlements obliterated, Premier Harvey announced Monday night that 184 persons lost their lives in the forest fires in northern Ontario. Only a heavy rainfall early Monday probably saved a great part of the province from destruction. Hundreds are homeless and the dominion government has taken extraordinary measures to provide for the refugees.

Where the town of Matheson once stood, Monday night there are only smoldering ruins and ashes. The country surrounding it is as barren as a desert. Only a few structures in the village of Cochrane remain standing. The greatest loss of life occurred at Nushka and Montclair, partly in ruins, where 38 persons were burned to death. At Matheson 35 perished. Ironquills Falls, where great paper mills are located, was not entirely burned as reported Sunday night. The paper mills and one store were saved from the flames.

There was no serious damage at Engelhart, although one or two fires occurred. At Timmins, seven houses were burned down.

"The relief work throughout the district is well in hand," said the premier Monday night. "Everything possible is being done. We will spare no expense to give the populace relief."

DENIES MURDER

Man Bears Suspicious Marks On
Hand Say Police.

FORT WAYNE, Ind., Aug. 1.—William Troeschler, suspected of having killed Charles Harris at Lafayette, and who was arrested here, denied having committed the murder when questioned by local police. Detectives considered it significant that his right hand was lacerated and blistered about the base of the thumb and expressed the belief the condition might have been due to use of a rough piece of board, which was the instrument of death. Troeschler says he was awakened early Monday morning and heard two men quarreling in Harris' room. He declared he was afraid and fastened his door.

144 VESSELS SEIZED

Hostile Ships Seized in British Ports
Again Employed.

LONDON, Aug. 1.—Lord Robert Cecil, minister of war trade, informed the house of commons Monday that 144 vessels flying the flag of hostile countries were seized in British ports, 12 in French ports, 30 in Russian ports and 59 in Italian ports. All the ships seized in British and Italian ports, he said, were now being employed. Seventy-one hostile steamers and three sailing ships were seized by Portugal. The latter will be employed when repairs have been completed.

FIND CHILD PLAGUE

Second Case Since Epidemic in Fort
Wayne.

FORT WAYNE, Ind., Aug. 1.—Health authorities discovered a case of infantile paralysis here Monday, which is the second since the epidemic became widespread. Lavina Williams, two years old, was found to be suffering with the disease and was removed to the isolation hospital. Nine months ago the father was killed by a train, and three months ago a brother was run down and killed by an automobile.

A Dessert Surprise

Surprise the folks tonight, Mother. Shortcake—Holland Rusk and fresh or canned crushed fruit makes the most delicious Shortcake. There are a hundred other ways of serving

HOLLAND RUSK

10 cents
Holland Rusk is more delicious than any cereal when served with sugar and cream. With crushed or fresh fruit, canned fruit or preserves, delicious dessert can be prepared in a few minutes and served with whipped or plain cream, sauce or milk. For breakfast with poached, scrambled or boiled eggs—chipped beef in cream, sausage and cream—or any other dish where toast is used, it will be easier and quicker to prepare and more delicious than the finest fresh toast. Heated in the oven and served hot with fresh butter, it is more delicious than toast or hot buns or biscuits.

Canada Sends Relief From Hot Weather

WASHINGTON, Aug. 1.—A Canadian high pressure area, bringing down cool dry air from the Canadian northwest, swept along the whole of northern United States Monday and afforded some relief from the heat wave, which has been the worst in 15 years. Roughly, the new high pressure area brought a drop in temperature everywhere north of a line drawn due west from New York. Below this line its effects were felt in some districts with a change of a few degrees.

The "Bermuda high" which for the past 10 days has been sweeping up currents of hot, water-laden air from over the whole of continental United States showed signs today of having pretty well spent itself. Likewise the high pressure area which brought relief to the Atlantic seaboard from Hudson bay over the week-end has been dissipated.

Weather bureau officials said today that while the great central sections of the country had had the hottest period since 1901, the Atlantic seaboard hardly had been touched by real summer.

\$75,000 WILL FINANCE STATE CENTENNIAL

Must Guarantee Grand Opera Company \$20,000 and Similar Sum
For Public Health Exhibits.

INDIANAPOLIS, Ind., Aug. 1.—Arrangements for holding the Indiana centennial celebration of statehood here in October were considered at a meeting of the Indianapolis centennial committee on Monday night and it was announced that about \$75,000 would be required to finance the affair. It also was made known that the committee expects to bring the Boston grand opera company here to give three operas and the grand finale of the celebration. The famous organization will require a guarantee of \$20,000 to come here. It is planned that it will open by giving the opera "Andrea Chénier" on October 13.

Public health will be a subject on which the committee expects to spend another \$20,000. Street and hall decorations will be ordered, which, it is said, will surpass anything of the kind ever displayed here in the past.

GOTHAM IS FEARING A COMPLETE TIE-UP OF STREET CAR LINES

International News Service:
NEW YORK, Aug. 1.—The spread of the street railway strike to every trolley line in and about Greater New York seems probable today. It is also not unlikely that the subway and elevated lines may be involved. Public officials express great anxiety over the situation. Mayor Mitchell will hold a conference with representatives of both sides today in an effort to bring about arbitration of their differences.

If a general tie-up should come it would effect 30,000 street railway employees. Police Inspector Cogan and a large force of men remained on duty at police headquarters all night, momentarily expecting trouble.

NAME ARBITRATORS FOR GARMENT MEN'S STRIKE

WASHINGTON, Aug. 1.—The labor department Monday appointed Ethelbert Stewart, assistant commissioner of labor statistics, John A. Moffitt, of Orange, N. J., and Charles W. Mills, a Philadelphia coal operator, as conciliators in the garment workers' strike at New York. They will convene in New York Tuesday.

GREEKS QUIT SALONIKI

International News Service:
ATHENS, Aug. 1.—Greek soldiers, with the exception of one battalion, have retired from Saloniki. The retirement followed a conference between King Constantine and his war minister.

IMMIGRATION BILL TO BE LAID OVER

Democratic Senators in Caucus
Postpone Action Until Next Session.

WASHINGTON, Aug. 1.—Democratic senators in a caucus Monday night voted to postpone action on the immigration bill until the next session of congress and adopted 28 to 19 a resolution binding all democratic senators to that decision. A resolution then was adopted 32 to 7 pledging the majority to vote down any attempt to attach the immigration measure to the child labor bill as a rider.

The binding resolution, the first of that nature imposed by a democratic caucus for several years, was put through by party leaders to whip into line a group of southern senators who had announced they would support an effort to saddle the child labor bill, which they oppose, with an immigration rider, including the obnoxious literacy test section in the hope that President Wilson then would veto it.

THEATERS

AT THE AUDITORIUM.

"The Sorrows of Love," the Triangle-Ince feature in which Besie Barriscale is appearing at the Auditorium today with William Desmond in the supporting role, is a product of Thomas H. Ince's new studios at Culver City. Practically all the exterior as well as interior scenes were made within the studio walls. Scenes which show a gondola on a lagoon, presumably in Venice, were made in the big tank which is a feature of the equipment of the new plant. A reproduction of the facades along the Grand canal in Venice was erected at great cost, it is said. "Bubbles of Trouble," a two reel Keystone comedy, is also shown. Virginia Pearson, supported by a strong cast of Fox players, including Stuart Holmes, will be seen tomorrow in a six part drama entitled "A Tortured Heart." In brief, the story concerns Rev. Joseph Lorimore, who finds on his doorstep a baby girl. He decides to keep the baby and bring her up. He is assisted in a financial way by a young woman, Lucille Darrell, who furnishes all the money to give the girl a fine education. Later it develops that the child is really hers, she having married secretly, and her family had disowned her. The story is filled with heart interest and is said to be one of the best productions that Miss Pearson has yet appeared in. The Selig-Tribune of current events completes the bill.

AUDITORIUM TODAY

Triangle-Keystone Day—CLEVER BESSIE BARRISCALE, Supported by William Desmond in

"The Sorrows of Love"

A drama of Sunny Italy in which the star is seen first as a nun and then as a fiery daughter of the people. Some attractive scenes are shown including a Venetian canal and the Italian Chamber of Deputies.

FIRE DOES BIG DAMAGE

CHICAGO, Aug. 1.—Fire did damage estimated at \$200,000 to the planing mill and yards of the Rittenhouse & Embree Lumber Co. here Monday. One employee was burned to death, while many others had narrow escapes.
